

DiveIn
connect belong thrive

Be part of the DiveIn CDT

We are looking for external partners to get involved with DiveIn: Diversity Drives Innovation.

By joining the DiveIn Centre for Doctoral Training (CDT), you can engage with our PhD students in various ways:

- Mentorship: Guide and support our students on their academic and professional journeys.
- Project Partnership: Collaborate with our students on innovative research projects.
- Part-Funding Events: Contribute to the success of DiveIn events and initiatives.

Our mission is to be a visible supporter of equality, diversity and inclusion and invest in the talent of the next generation of UK-based science and technology researchers. Our CDT will deliver innovation and scientific excellence across discovery science and all six EPSRC mission-driven priorities areas: Beyond Net Zero | Artificial Intelligence and Big Data | Technology Touching Life | Quantum Technologies | Future Telecoms | Problem-Bases Interdisciplinary Research

For more information on how you can get involved please contact us at divein-cdt@glasgow.ac.uk
